1. Call to order
2. Roll Call
3. Public Comment
4. Water/Wastewater Report
5. Other
  - a) Committee Members Inquires
6. Adjourn

# Watseka Waterworks

June Meeting Agenda  
Prepared by Greg Marks  
Waterworks Director

- The new meter pit, meter, and shut off have been installed at Whitney Kingdon's home
- The first test well drilling is complete and although we did find water, the amount of water(gpm) was not sufficient enough to justify drilling a permanent well in that location. We are currently deciding on a second location.
- The wastewater oxidation ditch project is moving forward. We had an onsite meeting with Paul Rusko and Keith Mullholand from Robinson Engineering and discussed a plan to move forward with diverting the flow to the inner rings to start work on the outer rings.

- **Miscellaneous Items**

Lead and copper sampling will begin soon  
RP lumber water line  
State Highway water line  
New High Service pumps, valves, flow meter at well 10

- Work Report:  
Shut off's 10  
Service line repairs 2  
Main breaks 1  
Meter changes 4  
Monthly sampling complete  
Monthly laboratory analysis complete
